SUMMARY

Postdoctoral researcher at the Bern University of Applied Sciences (BFH) Business School, previously an economist at the World Intellectual Property Organization (WIPO) of the United Nations and at the Swiss Federal Institute of Intellectual Property — seven years of applied economics outside the university sector; PhD in Economics, University of Neuchâtel (2023). I work on the economics of intellectual property, innovation, digitization and the creative industries, building new datasets and running rigorous econometric analyses to inform policy.
